

## December news 2015

This December when I look back, I remember when I was in suspense with the issue of the needed operation, surely brethren, I appreciate what God has done through your prayers and giving for my health. Really “the steadfast of the Lord never ceases, His mercies never come to an end, they are new every morning,” that is what I can say.

I cannot stop thinking about this miracle.

My health is good and I am continuing doing His work as he sent me.

### **Our Family**

God has blessed me with this family. Viveca volunteered to help by being my PA after graduating in the degree of business management. What a good assistance.

At the moment she says she is starting to look for a job, so can leave us at any time. Abigail will be doing grade 10 next year. Martinha is registering to do one year teacher’s training next year. Tlangi is doing grade 10 till next year June, she found a very good Brazilian missionary family that opened their home for her, she loves it there and they love her too. I thank God that finally; He provided with a place that I feel she is safe spiritually and physically.

Tom passed 3rd grade.

Anneke, on the left is our English teacher at school and also a good support to me. Ruth, in the middle was doing music and Physical education for 4 months then back to the US.

## Graduation

We ended our year with a very good graduation, parents are very supportive and always looking forward to this special event for their children.

Our organization has managed to pay for 2 girls training to be teachers, Rosina and Sphiwe, they are our Hlauleka children from young but because of poor conditions at home that they could not afford at all, we helped. But we agreed that they will pay back by teaching at our school for 2 years but with full salary. So one will teach grade four and the other the second class of grade one.

**Prince and Princess program (Orphans and vulnerable)**

This has been my life for this past 2 months or so, going places to buy attire for the graduation and for Christmas, for the Princes and Princesses. I thank God that the older teenagers were of good help to make sure that each of them has well done hair. Picture on the right is Ruth one of the older Princesses who came to braid Siphwe's hair, a little princess.

## **Missions**

To do missions in practical, this year the youth sold sweets and cookies to raise funds for getting transport and send some of them once a month to Sifo village to hold a children's club.

## **Opportunity to sponsor**

As some of you tell us that if there are such needs we can let you know, Madalena is a 21 years old girl who has been to our clubs ever since her childhood. She came to ask if we can get her a sponsor to pay for her to train as a nurse at a private school in Xai xai. The school will cost about 100 USD and will last for one year six months .

## **Prayer Items**

\*Thank God with us for everything that went well, His care and protection throughout the whole year.

\*Please pray :

\*that God can provide with building of the classes as the school is growing, at the moment we urgently need to build 3 more classrooms for the preschool as we are taking over their classes for the school. Now the we made a small division of the dining hall to accommodate 2 preschool classes.

\*that our children will be safe during the holidays more especially the P& Ps who do not have a lot of family support.

\*that God can provide with Martinha's school fund as I will need to pay about 300 USD every month for the whole year.

\*for 2 of our staff who have been invited by Word of life to be leaders of the 3 groups of youth camp in Maputo this December, pray that they will be gaining experience that we can use this side.

\*In January again, Word of life has organized a 30 days training for youth leaders, we will send Sergio, Paulo and Celeste so that they can help pass the training to other children's workers as well.

May you all have a blessed celebration of the birth of our SAVIOR, Merry Christmas and a blessed new year.

In Christ  
Sybil
